

POUND LIMITS CHANGED

THE PLUMBING BY-LAW TO BE AMENDED.

The Solicitor's Opinion re Assessment and License Fees—Charter to be Amended.

The council assembled last evening in the council chamber. Present the mayor, and Aldermen Clark, Griesbach, Menard, Kelly, Boyle and Fraser. The minutes of last meeting were read and adopted.

The city solicitor's opinion was read respecting the assessment of real estate dealers and the charging of a license fee in connection with the same. The city charter was contradictory in some particulars regarding this matter, but he was of the opinion that the city could not charge both, and having elected to charge a license fee they could not charge it to an assessment unless the parties concerned were willing. The solicitor also recommended that the legislation committee of the city council should meet with the solicitor to go over the charter with a view to securing certain amendments to the same at the first meeting of the Alberta Legislature. On motion the communication was received and its recommendations adopted.

A communication was read from T. M. Knapp, secretary of the Western Canada Immigration Association respecting the visit to Edmonton of the party of agricultural editors.

A communication was read from Commissioner Perry, of N. W. M. P., stating that he had recommended to the Department at Ottawa the plan of lane to be opened through the police property at Edmonton, and the change would be made.

A communication was read from Watson Bros., of Calgary, giving prices for the erection of a town. The committee on bylaws and special legislation reported that the clock communication was filed. The pound limits should be changed to extend to the southern boundary of the C. N. R. right of way on the north and that the western boundary be Twelfth street. An amendment to the pound bylaw was then passed changing the boundaries of the pound limits to these.

Changes were made also prohibiting the tethering of animals in the pound limit so they could get on the public streets, and also providing that the poundkeeper should be at liberty to engage assistants to help him in impounding animals.

This change in the pound limits is a compromise between the bylaws committee and the German residents in the north of the city who waited upon the city council in respect to this matter a short time ago. The amendments also provided that no person but the poundkeeper, the police, or any person specially appointed by the commissioners, had the power to impound animals running at large.

Mr. Beentell addressed the council upon the pound bylaw. He said no law could be passed upon which an animal could be taken off private property and put in the pound. It was wrong and a right wrong would never make a perfect right. The amendments to the bylaw were passed.

Alderman Griesbach stated that he had discussed the question of fireman's uniforms with the firemen, and he would recommend that the sum of \$12 be granted to each volunteer fireman, to be expended in the purchase of a suit of clothes under the supervision of the chief when said fireman had been twelve months in the brigade. The firemen themselves were providing buttons and caps and some of those who were not yet a year in the brigade were buying their own suits now. On motion of Alderman Griesbach and Clark the recommendation was accepted.

The bylaws voted upon and carried by the city on August 14 were then formally and finally passed.

Continued on page five

ANOTHER OUTFIT

PASSED THROUGH THE CITY

Logan's C.N.R. Grading Gang Reached Town To-day and Will Begin Work on the Morinville Line.

P. Logan's grading outfit came into the city this morning and went out to begin work on the Morinville branch of the C. N. R. Other outfits are expected in on Monday to go to work on this branch.

Munich's outfit had completed their work almost up to Fifteenth street last night. From there they go on east grading the main line and sidings. Their camp is on the Hudson Bay Co.'s unsurveyed property and the line along there presents a busy scene of men, horses, plows and scrapers.

McGrath's camp is pitched on the Great estate just about where the Y is to be constructed by which the E. T. & P. will be joined to the main line. In this camp are twenty-one teams and some forty men. The outfits of these contractors are first class in every particular. Their horses are as fine animals as could be found working anywhere and are kept in excellent condition.

The cooking and dining camps are very nicely arranged, and from the appearance of the table set for supper last evening, the workmen fare pretty well both as to quality and variety of food even if it has to be eaten off tin dishes.

It is the intention of the company to continue grading both north and west this fall.

The contractor began work this morning on the C. N. R. temporary bridge at Fort Saskatchewan. It will take from six weeks to two months to complete it so that the construction train can cross the river there.

It is the intention of the company to also proceed at once with the building of the permanent bridge as soon as material can be brought in for its construction. The permanent bridge will be built alongside of the temporary one. The contracts for building the permanent bridge are to be let on Thursday next so that the contractor can immediately prepare for the work of erecting it.

MAY PART AS ENEMIES

FROM PEACE CONFERENCE

The Indemnity Demand May Wreck the Negotiations—Gloomy Outlook at Portsmouth.

Portsmouth, N.H., Aug. 26.—The peace conference seems headed for the rocks. Despite the fact that every question of principle involved between the two countries has been settled in favor of the victors and in reality only "Words and Money" still separate them, negotiations seem on the verge of a final rupture. The air was filled last night with gloomy forebodings. In most positive fashion it was declared that no new questions had reached M. Witte which would permit him to entertain consideration of the compromise proposition submitted by Baron Komura on Wednesday, and the effort unless Japan has new proposals to make all that remains is for the plenipotentiaries to meet, sign a declaration that the conference has completed its labors, shake hands, and part as enemies.

MANITOBA'S ESTIMATED YIELD (Winnipeg, Aug. 26.—The grain men's excursion returned to the city last night after an extensive tour through the western wheat fields, and this body of expert opinion places the general average for Manitoba and the Territories at twenty-two and a half bushels per acre. The estimate was taken last night on the train. The yield estimates ranged from 80 millions to 120 million bushels, but the average struck was 90,285,000. The consensus of opinion was that twenty-five per cent of the crop was now cut, twenty-five per cent ready to cut, and eighty per cent would be harvested by a week from tonight.

After a long discussion the coal miners of Fernie agreed to ratify the understanding come to between President and the coal company pending the return of General Manager Lindsay, and all the men have returned to work provisionally.

BEAVER LAKE WEST.

Correspondence

The crop outlook never was better. A larger yield "than has been" is assured, barring any unforeseen occurrence. Grain is coloring nicely in all quarters and in some localities barley has been harvested. R. MacKenzie at Logan cut his barley the last week in July. All around the lake the prospects are bright for a bumper crop.

Haying is getting well advanced. It being short, however, a longer time than usual is required to put up the usual necessary quantity.

Mr. E. Hammond who came last spring from St. Louis with his family and located here recently exchanged his property here for the business of Messrs Morton and Adams, meat dealers of Edmonton and has moved into town. His son Percy who played with our Toffield base ball nine will be missed in sporting circles here.

Our base ball team made a success this year defeating everything in sight at various times. Their last victory was over the Vegreville team at East Beaver Lake on the 1st of July. It is to be hoped that the sporting spirit of our community will not wane.

Mr. Robert Logan's steam yacht although but of limited capacity adds greatly to the pleasure and entertainment at the picnics and celebrations held at various times around the lake.

Messrs. Bellington and Story have completed their contract of building the Lake Shore S.D. school house. The building stands on the S.E. corner of the north-east quarter of section 21, township 51, range 19, just where the base line trail emerges from the timber reserve into the settled community. It is of the regular proportions and of the old regulation style built of frame and on a stone foundation.

Mr. Palmer and family of Iowa have recently arrived from across the border and have built a commodious residence on the lake shore, on sec. 5-51-18, which he recently purchased from Mr. Hutcheon of Edmonton.

A large number of new buildings have been erected around the south and east sides of the lake this year, grain fields are seen every where, where but a few months ago nothing but the bald open prairie could be seen in a day's travel. With the advent of shipping facilities a still more wonderful transformation will be effected. It has been abundantly proven that we can raise No. 1 hard wheat here and everything indicates a great future for this part of the district.

Mr. Bishop, Mr. B. Stumbo, the Messrs Montgomery and Mrs. Bishop and others of Edmonton, recently spent several days rustling with friends around the lake.

It is expected that a large contingent will go to Edmonton for the glorious First. If harvesting operations are not too binding the Capital will see the most of us there.

A large amount of breaking has been done throughout the entire district this year. Preparations for farming on a large scale are everywhere seen. The increasing of the number of settlers resulting in the fencing of sections and cutting off of the ranging grounds of numerous herds of cattle is causing the people to go in more for farming on a larger scale and also in the dairy production. Already a dairy association at Hardo, six miles south of the Lake is making a success of the butter industry. A market is found in B. C. and the produce is shipped from Westcliffe or Camrose.

Charges that the Winnipeg city foreman held up men in the works department of the city for money or presents for securing their jobs or keeping them on, and that the foreman sent city wood and coal to employees' houses at the city's expense is being investigated by the select committee of the council.

The charge has been made by letter to the Winnipeg Municipal Board of Works that a graft system on an elaborate scale has been in operation for several years in the administration of civic works. A letter has been written to the chairman of the board claiming that the foreman of the street gang has levied a tax on applicants who receive a job under him, and that in some cases the fee to be paid was as high as \$5. The board refuses to make any statement except that the letter has been handed to the city solicitor for consideration. The charges are to be investigated and a report made at the next meeting of the board. Matters in the alleged graft game are said to have been facilitated by the fact that the majority of the laborers are foreigners who cannot speak English.

RESULTS IN BLOODSHED

Small Boy Shot and Killed by a Mob
—His Sister Also Wounded.

Norwood, Ont., Aug. 26.—Thomas E. Hill, about 12 years old, the son of Robert Hill, was shot and instantly killed about 12 o'clock last night at his father's residence, 8 miles north of Norwood. His sister Mabel Hill was shot in the hand. This outrage was committed by a mob supposed to be neighbors of the Hill family. Bad blood has been existing in the locality for some years. The authorities will investigate.

7,000 MILE DRIVE.

A party consisting of Dr. R. Holt, W. J. Bingham, T. B. Ready, E. M. Cawker, and D. McNabb drove from Moosejaw to Edmonton by way of Battleford, arriving in the city last evening. They have been some three weeks on the road and have driven over seven hundred miles.

Dr. Holt says that the best crops and the most promising country they passed through on their way is between Beaver Lake and this city. They were surprised at the appearance of Edmonton, and the surrounding country is the best they have seen in the west.

GRACE CHURCH OPENING

The opening of the new Grace Methodist church takes place tomorrow. It is something of a coincidence that the opening of the small church took place on the last Sunday in August one year ago, so that exactly one year later this congregation is moving into a new building about three times the size of their former one.

The pulpit will be occupied morning and evening by Rev. G. W. Kirby, of Calgary, assisted by Rev. S. F. Huestis, of Halifax.

Rev. T. H. Huestis, chairman of the Edmonton district will dedicate the church at the morning service. There will be no service in McDougall Methodist church in the morning on this account.

A platform meeting will be held in the afternoon which will be addressed by Rev. S. F. Huestis of Halifax, and the pastors of other churches.

CHURCH SERVICES

McDougall Methodist church.—The morning service has been withdrawn to enable the congregation to attend the Dedication service at the new Grace church, Kinistone avenue. In the evening the pastor will preach the service being held as usual. Sunday school and adult Bible class at 3 in the afternoon.

Grace Methodist.—The Dedication services will be held in the morning. Rev. Gen. W. Kerby, B.A. of Calgary will be the preacher, Rev. S. F. Huestis, D.D. of Halifax will assist in the service. The dedication will be conducted by Rev. C. H. Huestis, chairman of the Edmonton district. In the afternoon a platform meeting will be held at which addresses will be delivered by the pastors of other churches in the city, and Dr. Huestis of Halifax. Rev. Mr. Kerby will preach in the evening.

PATRIOTIC MEETING.

Of none of its institutions has the city of Edmonton more reason to be proud than of Alberta college. Although founded by a religious body it has proved itself to be thoroughly unconfessional, both in the personnel of its directors and in its student appeal. The college building has been selected by the inaugural committee as the official headquarters. The college board is planning an elaborate scheme of decoration. Besides this the board has completed arrangements for a patriotic meeting to be held in McDougall church on the evening of the First of September between 8 and 9 o'clock. An oration will be delivered by Rev. John Potts, D.D., of Toronto, superintendent of Education for the Methodist church of Canada, and one of the foremost orators of Canada. Special invitations will be given to all the city's guests, and a general invitation to the public to attend this great meeting. A special feature will be a number of patriotic songs by male voices.

Sunlight Soap

represents care, skill and scientific accuracy in its manufacture. That is why it does your washing without shrinking woollens, fraying linens or injuring your hands. Equally good with hard or soft water. No scrubbing, no boiling, more cleansing, less toiling.

S. 1-2 25-49-1 West of 5th Meridian.
E. 1-2 35-49-1 West of 5th Meridian.
This land is in the Strawberry Creek country, west of Leduc; splendid soil.

All Section 8, and W. 1-2 9 in 49-18, 960 acres, choice open land; easy terms.

All 6-30-16, choice soil; slightly rolling; some timber close to crossing of Canadian Northern and Grand Trunk Pacific.

Township 50

N. 1-2 13-50-15 Vermillion River runs through this land with some small timber along its banks, otherwise it is clear; slightly rolling, soil black loam.

W. 1-2 and N. E. 1-4 of 4-50-18; some small brush on part of it, nice creek runs across one quarter; soil black loam.

2. 1-2 25-50-18, surface slightly rolling; some bunches of brush, good soil; half mile from school; church at corner; a splendid half section;

S. E. 1-4 23-50-18, some bunches of brush, good deep black soil, a splendid piece of land.

S. W. 1-4 13-50-1, West 5th Meridian. This land is in the Strawberry country, west of Leduc; splendid soil.

All Sec. 25-51-14 and W. 1-2 and S. E. 1-4 Sec. 30-51-13, 1120 acres of fine land two miles from the main line of the Canadian Northern.

All Sec. 17-51-15 in the Vegreville District; fine soil, nearly all open.

Township 51

Fractional S. 1-2 15-51-12 (277 1-2 acres) surface slightly rolling; C. N. R. cuts 2 acres off N. E. corner, soil black loam, nice deep lake in one corner of land.

S. W. 1-4 22-51-15 surface slightly rolling, some brush on part of it, soil black loam, a nice piece of land.

N. W. 1-4 21-51-12 slightly rolling, good black loam soil.

N. W. 1-4 23-51-13, slightly rolling, good black loam.

E. 1-2 Sec. 15, Tp. 56, R. 26, slightly rolling, black loam, clay subsoil, 20 acres meadow; choice half section covered with peavine and vetch.

W. 1-2 23-56-26 surface nearly level, black loam, choice piece of land, 1-2 mile from P. O.

Township 52

N. 1-2 and S. E. 1-4 28-52-26, nearly all open land, soil black loam, surface gently undulating, choice piece of land; will sell separately or en bloc.

S. W. 1-4 23-52-26, nearly all open land, and easily broken, fairly level, good log house and walls of logs for stable.

S. W. 1-4 34-52-17, some small brush and bunches of poplar, soil deep black loam, a splendid piece of land near Beaver Lake and about 6 miles cash, balance in three yearly pay-from C. N. R.

N. E. 1-4 8-52-1, west of 5th Meridian.

S. E. 1-4 17-52-1, West of 5th Meridian.

N. W. 1-4 17-52-1, West of 5th Meridian.

Some improvements on part of this land: some brush, and some bunches of poplar on parts of it, the whole or part of it may be sold.

Fractional S. 1-2 28-53-23, one mile on river front; slightly rolling, black loam, log house, 1-1-2 stories; all fenced with wire; a choice piece of land in a good locality.

S. 1-2 34-52-15, fine land, Canadian Northern within one mile.

Township 54

N. W. 1-4 30-54-26, 55 acres under cultivation; all fenced, 50 to 60 tons hay can be cut on land; log barn; a good piece of land.

N. E. 1-4 28-54-25 and S. E. 1-4 33-54-25, 60 acres under cultivation; nearly all fenced, some buildings, would make a good stock farm.

N. E. 1-4 of 15-54-14, a splendid quarter, every foot can be farmed; good locality.

Township 55

E. 1-2 20-55-25, 100 acres under cultivation; all fenced, mostly with wire, good frame house, log barn 70 x 30 feet, good well, soil, deep black loam, a splendid property.

N. W. 1-4 2-55-26, all fenced and cross fenced, soil black loam, nice creek runs across the land, 90 acres under cultivation; good frame house, stables and granaries of logs, good well, a splendid farm, 3-4 miles from school and post office.

N. 1-2 31-55-18; E. 1-2 55-18; W. 1-2 35-55-19, close to C. N. R.; soil black loam with some brush and small poplar on them, will sell separately or en bloc.

Township 56

N. E. 1-4 8-56-25, 85 acres under cultivation, 75 acres in crop; all fenced, frame house, 18x20 and addition 14x14, log barn 24x24; surface level, soil black.

N. W. 1-4 33-56-26 and S. W. 1-4 4-56-26, 125 acres under cultivation, good frame house, other buildings, logs, good well, all fenced, a splendid farm.

River lot 27 in the Edmonton district, 158 acres; 75 acres cropped; frame house, 6 rooms, stabling and grainery, 2 good wells. Coal along the river, all coal rights go with the farm.

CRAFTS & LEE

RUSSIANS WORSTED

BY CRETAN REVOLUTIONISTS

Eussian Troops Repulsed By Band of Rebels With a Loss of Twenty Men.

Canoe, Island of Crete, Aug. 26.—Fighting has taken place in the Regino district between Russian troops and revolutionaries. The Russians were repulsed near Atsopolis, losing twenty soldiers and twenty gendarmes. The revolutionaries afterwards running short of ammunition retired where they joined another band. Their loss was six killed.

Found a Galena Lead

For many years a continuous search has been made for the ore shoot on what is now the Noble Five mineral claim, says the Lardou Mining Review. Some years ago, lying at the foot of a perpendicular precipice, 1500 feet high, on the Cromwell hill, a large boulder of galena of high grade was found, which could not have come from any other place than from somewhere on the face of the precipice. The dangerous position, however, deterred many from prosecuting systematic search. Many tried but generally lost their nerve when they got out where a slip meant instant death. Finally the search was given up and the claim abandoned. This year however, Ed. Vipond restaked the ground and after several unsuccessful attempts, Sid Graham and Jim Snell became embued with their ability as climbers, and announced their intention to get that ore or go to Missouri. Sid put his head to work and fashioned a very ingenious rope ladder, with steel spikes to drive into the rock, and foot by foot they descended the face of the cliff, scanning with their eyes every inch of the surface. Success at last crowned their efforts, and the long looked for ore was found—28 inches in width of clean ore—and although an assay has yet to be made, it will easily run over \$100 per ton. Work will be started at once by the lucky owners getting down a car of ore, and it is fully believed that the famous Truine mine will be duplicated.

Pound Limits Changed

Continued from page one.

A bylaw was then read amending the plumbing bylaw to the effect that in case of applications being made for the installation of plumbing a properly prepared plan of a scale of one inch to eight feet should be filed with the application. The only important change is that the plan has to be drawn to a scale. The bylaw was given its first and second reading and the third reading was laid over until the next meeting that the plumbers might have the chance to appear before the council at the next meeting as they expressed a desire to wait upon the council in respect to the plumbing bylaw.

Mr. Brentnall then addressed the council on the question of water for the Canadian Northern station. It appears that the water rate is 10c per thousand brick; the rate in Winnipeg is 3c and the contractor thought the Edmonton rate too high. No action was taken.

A report was presented from the commissioners respecting the construction of boulevards on certain residential streets, narrowing the roadways and placing the sidewalk in the centre of the boulevard. It was recommended that this form of work be carried out on Fifth street and Victoria avenue. The roadway on the streets to be 25 feet wide and, where street car tracks were expected to be built they should be 33 feet wide. A good deal of discussion as to a proper width of the road way took place. Alderman Clark favored a roadway in no case less than 30 feet.

On motion of Aldermen Griesbach and Bellamy the plan of 25 foot streets was adopted, streets to be 33 feet where car lines would probably be built.

On motion of Aldermen Bellamy and Clark the sum of \$3000 was ordered to be paid to Treasurer Kirkpatrick of the inaugural celebration committee for the use of that committee.

The mayor read a letter from Rev. H. A. Gray expressing the hope that a day be set apart for special thanksgiving in connection with the in-

augural ceremonies of September 1 and suggesting that the mayor request the churches of the city to set apart the Sunday morning service on September 3 for such a special thanksgiving.

The mayor expressed the opinion that the matter was of a proper spirit but he did not think it was a matter for him to take up, but was rather for the Ministerial Association of the city to arrange their church services.

The council decided to have all the weeds and grass cut and rubbish cleaned off the streets early next week, the streets and parks committees having taken this matter up.

On motion of Clark and Picard the following accounts were ordered to be paid when properly certified to:

R. R. Whitehead acct. of contract	\$2567.27
Taylor, McLennan & Webb, sewer contract	2095.00
D. Ricker, street grading	100.00
General hospital maintenance, K. McKay	20.00
Engineering News, adv.	3.90
Bell Telephone Co., telephone	15.00
Capital Express Co.	75
Electric light, July acct.	225.15
Labor pay sheets, wages	1879.09
Dominion Express Co.	1.00
Wm. Crox, interpreting	2.00
Journal Co., printing and advertising	127.05
T. B. Smith, wages	30.00
Perfect Clothing Co., police caps	12.00
Edmonton Carriage Co.	235.79
American Contract Pub. Co., advertising	2.10
Edmonton Iron Works, blacksmith work	479.99
Cutley, Cote & Cantley, plans	148.50
A. E. Varion, mast arm for lights	105.00
Ross Bros., cement	482.65
W. J. Carter, contract cement walks	2595.40
Gartshore, Thompson & Co., water pipe	1633.89
Total	\$12,762.93

Alderman Griesbach inquired about the new line of pipe and pump for waterworks. The pipe will be laid at once but the engine for the pump would not be ready until Christmas and it would be from six to eight months before the work was completed.

Alderman Bellamy brought up the question of the kind of pump to be purchased. He said that the engineer of the power house was not very favorable to the kind of pump that it was proposed to buy. The matter was discussed at some length, it being pointed out that a committee had thoroughly investigated this matter, reported and its report was adopted by the council. On motion of Aldermen Picard and Griesbach the city engineer was requested to present a report upon this matter of a pump and reasons for selecting it, at the next meeting of the council.

Alderman Picard thought a twelve inch sewer on Sixth street was too large. He also thought the sidewalk from second to Third street should not have been built away from the fence. He thought the names of the streets should not be nailed so low on the street corners. The engineer considered the sewer not too large as it had to take the storm water, it being a combined system. The council adjourned.

MANITOBA MARKETS

From the Commercial:—Wheat—1 northern \$1.01; 2 northern, 98c; 3 northern, \$1.04c; No 4 extra, 69 1-2c; No. 4 wheat, 69c; No. 5 wheat, 61c spot or August delivery; these prices are for old crop. The selection of tobacco takes time and great care—the conditions of its growth, the soil, the planting, and the cultivation, must all be considered.

I have studied tobacco from the seed to the cigar. I have a thorough knowledge of the qualities grown on the different plantations in the Manicragua district of Cuba, where the best tobaccos are produced. It is from the best of these plantations that I buy the filler of my

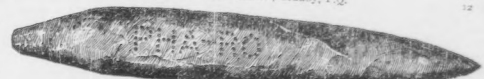

Pharaoh Cigar.

I was the first manufacturer in Canada to use Manicragua tobacco. It proved such a winner that the tobacco agents in New York sell thousands of boxes of tobacco under that name that was never within one hundred miles of the district.

I visit these plantations every season, and personally select the tobacco I buy. The growers there call me a tobacco crank because I am so careful and than jeopardize the quality of my tobacco. I would rather be thought a crank

I know that every time you smoke a Pharaoh cigar you will thank me for being a tobacco crank—that is full recompense for my trouble and care. None genuine unless branded "Pharaoh."

J. B. MERCER AGENT

The Intercolonial.

To an Ottawa correspondent Mr. Emerson dwelt upon some of the features noticed on his tour of inspection of the Intercolonial and mentioned a number of the changes which he proposes to carry out. "So far as our present trip went to show anything," said Mr. Emerson, "it proved beyond question that the Intercolonial today, even though it has seemed to cost a very considerable sum, is in the best position it ever was in its history as regards road bed, rolling stock, station and terminal facilities and traffic. The conditions which prevailed during the past year were exceptional and they certainly wrought havoc with the financial results of operating the line. But the close inspection of Mr. Butler, the deputy minister, his clear analysis of the conditions presented, and his business-like grasp of the whole situation gives promise of better results hereafter. This is the first occasion since taking office that I have been able to give time to a particular study of the details of the railway, inasmuch as during my eighteen months tenure no less than twelve were spent in attending to my parliamentary and sessional duties. Other portions of the balance were devoted to the labors of a general election, and it was not until August 1 that I found myself free to take up the work which in the interest of the country and of the Intercolonial itself, required to be done with fearlessly and with but the one desire to promote the welfare of Canada's great governmental railway.

"I would not wish to have it implied that we have not during our tour discovered weak spots in our railway system. Undoubtedly there are such and our mission would have been futile indeed had we not been able to discover some of them. I may say that as a result of our investigation up to date, a reorganization of the several branches or departments of the Intercolonial has been mapped out and will immediately be put into effect.

"The office of chief superintendent held by the late Mr. J. Price, of Montreal, will be abolished on the recommendation of the deputy minister and general manager, who advise me that by this step about \$1000 a month in salaries will be saved without in any way impairing the efficiency of the operation of the railway. This will be accomplished by adding further duties to those now discharged by the divisional superintendents and holding them more strictly to account for results than heretofore.

"By the policy of decentralization we shall be able to relieve the central office of considerable routine business and give the general manager time to go over the Intercolonial and closely watch its operations with a view to still greater efficiency. It has been decided to place the track and maintenance of way branches under the charge of Mr. T. C. Burpee; he and all other officials of the line whose responsibilities are increased will be held accountable for the results in their respective spheres of action, and if not satisfactory, they will have to reckon with their superiors.

"I was called away from the inspection trip to attend the meetings of the cabinet in Ottawa at the conclusion of which I shall, accompanied by the deputy minister, resume the inspection of the Intercolonial. The changes to which I have referred will take effect at once. The remainder will be dealt with in a detailed and comprehensive report which the deputy minister will prepare. After we have finished with the Intercolonial, I shall deal with the canals. In my tour of the canals I hope to have with me former deputy minister, Mr. Macdonald, as well as the present deputy, Mr. Butler."

"What have you to say in regard to the report that offers have been made for the purchase of the Intercolonial?"

"There have been no such offers received by me or by this department, nor have I information of offers ever having been submitted to any member of the government. Certainly, none have ever been brought to the notice of the governor-in-council."

A Buried Treasure

Pincher Creek Echo: Quite a sensation was created last week by the discovery of a strip of buffalo hide nailed to a cottonwood on P. Heron's ranch. It appears that a party of gold hunters, returning from the Cariboo diggings to their homes in Montana were attacked by Indians while crossing Pincher Creek. Only one escaped. He, so the story runs, cached the bulk of gold and

marked the cache by nailing a piece of buffalo hide to a tree. Taking only as much of the treasure as he could conveniently carry, he made his way in safety to Montana and soon after set out again to fetch the remaining gold from the cache. He was never seen again. The story, however, which he had communicated to a friend, leaked out, and from time to time many treasure hunters sought in vain for the tree with the buffalo-hide mark. While cutting the right of way for the water system, through the scrub in the creek bottom, the tree was discovered. Although about 30 years have elapsed, since it was nailed there, so that the nails and part of the hide were embedded in the wood, the strip of raw buffalo hide was well preserved, even the hair having withstood the weathering of the seasons. It is said that some of our citizens have dug and delved over a considerable portion of the land in the vicinity but it has not been heard that the lost treasure has been found.

Eastern harvesters are creating a panic along the C.P.R. enroute west throwing bottles and cans at the people as the train passes, and stealing flowers.

Russian Minister of Agriculture, Von Schwabach informs the Associated Press that the report that famine conditions threatened 22 provinces were greatly exaggerated. The situation, he said, was no worse than it was in July, when the Minister told the Associated Press that though the position was bad in six provinces of the Volga basin and in Central Russia, and though assistance would be required to tide over the winter, there was no fear of a general famine. At that time also the minister said that the harvest in the other parts of Russia was generally from fair to good, and it was believed Russian would have surplus grain to export.

Tend to Business

MacLeod Advances: The Conservatives profess to be satisfied with our present school system, and they unite with the Liberals in agreeing that it is the best in the whole Dominion. They would not change it if they could, and Mr. Haultain has declared that if he were dictator he would not change it, and yet this clause 3 requires that there should be the "soonest possible reference to the Judicial Committee of the Privy Council to determine the constitutional question whether the Dominion government was or was not acting within its powers in enacting the educational clauses. If the decision of the judicial committee were in favor of the present enactments the Conservatives would of course maintain the present school system, and if it were not they would maintain the present school system just the same, and so they are right in line with Mr. Haultain himself when in his letter he admits that there is "at present no objections to the practical effect of the conditions imposed by parliament." We submit that if there is not present no objection to the practical effect of the conditions imposed by parliament, there is at present no practical consideration for agitation against the constitutionality of these provisions. If the Conservatives do not want to change the school system at the present, then surely this technical question of constitutionality can stand until they do want to change it, if ever. Has this young province, just starting out on its career, with provincial institutions to establish, with governmental departments to organize, with public works in its greatest growing period to construct, nothing better to do, no better outlet for its energies than the agitation of academic questions which admittedly have no practical bearing at the present time. Let us take advantage of the tide of prosperity which is now upon this country, let us have peace and make hay while the sun shines, and we will have our law suit when we have more leisure, thank you. This is our busy day.

NOTICE

IN THE MATTER OF THE ESTATE OF W. H. HOOPER DECEASED AND SMITH AND HOOPER,

Sealed tenders directed to E. C. Pardee agent for the Royal Trust Company administrators of the Estate of W. H. Hooper deceased, will be opened by the said E. C. Pardee, at the Bank of Montreal, Edmonton, on Tuesday the 31st day of September, 1905, for the following parcels all situated on Lots Nineteen (19) to Twenty-five (25) inclusive, Block One (1) in river lot Ten (10), Edmonton, facing the market on Queen's Avenue:

1. The unexpired portion of a lease of Lot Twenty-one (21) to Twenty-five (25) inclusive, in said Block One (1), made by La Corporation Episcopale Catholique Romaine de St. Albert to William H. Hooper, died June 17th, 1902, for ten years from date with privileges.
2. Lots Nineteen (19) and Twenty (20) in said Block One (1), (H. & S.)
3. A double cottage on Lot Nineteen (19) aforesaid, (W. H. B.)
4. A hay warehouse on Lots Twenty-one (21), Twenty-two (22) and Twenty-three (23) aforesaid, 50 ft x 26 ft, (S. H. S.)
5. A grain warehouse and fixtures on Lot Twenty-four (24), 24 ft x 60 ft, (H. & S.)
6. A store and warehouse with fixtures on Lot Twenty-five (25), 26 ft x 50 ft, (W. H. B.)
7. Coal sheds on Lot Twenty-five (25), 32 ft x 13 ft 1/2 ft, (H. & S.)
8. Coal sheds 142 ft x 15 ft on Lots Nineteen (19) to Twenty-three (23), (H. & S.)

Tenders will be received for each or several of the whole of the foregoing parcels. Tenderers are requested to state value of each parcel tendered on where more parcels than one are tendered for, the highest or any tender not necessarily accepted. Each tender to be accompanied by a marked cheque for ten per cent of the amount tendered, which cheque will be returned if tender is not accepted. Balance of purchase money to be paid within thirty days from notification of acceptance of tender. Further particulars may be had at the office of Messrs. Brown, Dawson, Kennedy & Hyndman, Advocates for the Royal Trust Company, Administrators of W. H. Hooper Estate, or from Messrs. Short, Cross, Biggar & Swaine, Advocates for S. H. Smith, by A 12-19-26 chg.

J. BRUCE PAYNE

Limited

Calgary, Que.

114

LOCAL

—Travel—scattered showers, but mostly fair and cool.

—The steamer Alberta leaves on Monday morning for Prince Albert.

—A cement walk is being laid on the west side of First street south from Jasper avenue.

—Grain of all kinds is ripe or nearly so in the Sturgeon country and every hand is busy.

—Two large arches are being erected in Strathcona, one opposite the Windsor hotel and the other at Douglas Bros' corner.

—The Government have given instructions to have the land office and the Immigration hall decorated for inauguration day.

—Whisky did it, or rather did one man out of 85 at the police court this morning. It was the price of a drunk and disorderly charge.

—Devillon Bros' hay delivery team took a race up Jasper avenue about two p.m. without the annoyance of a driver. One of the horses was very badly injured.

—Walter's ferry will run on the evening of the celebration until eleven o'clock p.m. for the accommodation of people who wish to cross the river late that evening.

—Geo McLaughlin leaves in a few days for Prince Albert from which point he will go north for Revillon Freres. His position at the Grand-avenue will be taken by D. Adams.

—A load of grain, wheat, barley and oats, was brought in from Belmont school section this morning to decorate the large arch of the Imperial bank corner. The grain is being put on the arch today.

—These are great days for the painters. About half the store fronts are being treated to a fresh coat of paint, and will present a bright appearance to the city's visitors on the first.

—Miss Alma Leclerc has passed her musical examination held here by the Terence College of Music, with first class honors. Miss Leclerc studied at the convent under Mother Gertrude.

—A very large quantity of green hay is being readily marketed in the city at 82 per ton. The railway construction gangs and the mounted police have purchased considerable during the past few days. The railway construction is especially making the demand brisk.

—A meeting of the general committee for the inaugural celebration, will be held in the council chamber tonight at 8 o'clock. A full attendance is specially requested as the final arrangements must be completed as far as possible tonight, as the time is getting short for the work to be done.

—Numerous requests are coming in from citizens, who are coming to the city for the celebration, asking that accommodation be engaged for them. The hotels are practically full and a good deal of accommodation has been engaged in Strathcona. It looks as though a good many of our citizens would have to keep open house on the 1st and 1st so that the city's visitors may find a place to sleep.

PEESNICAL

Mr. A. Galle left this morning for Calgary.

C. T. Bick came up from Wetaskiwin yesterday.

Mr. J. E. Barrett left for Winnipeg this morning.

J. McKernan is in town from Athabasca Landing.
